- Treads self level to suit any height
- 90 degree top fixing bracket
- Folding handrails
- Large support foot
- Anti-slip self-levelling stair treads

SELF-LEVELLING STAIR			
Width (mm)	Weight (kg)	Range (mm)	Steps
650	50	600–1400	6
650	60	1290–2100	9
650	110	1800–2750	12
650	130	2600–3400	15
650	155	3300–4100	18

# LIFTING CHAINS

## LIFTING CHAINS

A comprehensive range of chains and associated products are available in appropriate lengths and capacities to suit all Shore Hire products.

All assemblies feature certified components and are subject to Shore Hire's standard quality checks to ensure conformity and compliance with Australian Standards.

We carry a range of 8mm, 10mm and 13mm chains which are available in 4-leg, 2-leg and single leg configurations. All chains come in a range of rated capacities that all feature safety hooks and shortening hooks. All chains are supplied with specification tags.
