

SHORE PROP 200

SHORE HIRE OFFERS ANOTHER VERSATILE PROPPING SOLUTION CALLED THE SHORE PROP 200, WHICH IS AN INTEGRAL PART OF OUR MODULAR PROPPING RANGE.

This propping system provides great adaptability and can be combined with various other products from Shore Hire.

The Shore Prop 200 system is a remarkably flexible and robust solution for propping in both horizontal and vertical applications, meeting the rigorous demands of Australian Job sites. With its modular components and adjustable foot jacks, Shore Hire can customise an arrangement to match the specific dimensions of your project.

By using the Shore Prop 200 temporary propping system, customers can benefit from a perfect balance of load-bearing capacity and flexibility. It seamlessly integrates with the Shore Prop 100, Shore Prop 400, and Shore Prop 1000 modular propping systems, along with several other products available from Shore Hire.

For your peace of mind, Shore Hire's team of skilled engineers and on-site riggers are fully equipped to handle the design and installation of temporary works involving this equipment. Rest assured that your next project will be in capable hands.
